

# Global Oncology Seminar

The first seminar at Okayama University will be held on July 23.

## Recent trends in oncology drug development : a pharma industry perspective

### Basic overview

This Global Oncology Seminar Series invites foreign lecturers who are currently affiliated with advanced oncology research facilities. This seminar will provide an excellent opportunity to gain an overview of key issues in oncology, and to become familiar with oncology in an English-based setting.

### Speaker

Kiyoshi HASHIGAMI, M.D.

### Date

July 23rd (Tue), 2013

Start Time: 18:00

### Seminar venue

1F Seminar Room for graduate students, Basic Medical Science Building, Shikata Campus, Okayama University (2-5-1, Shikata-cho, Kita-ku, Okayama-city, 700-8558, Japan)

Administrative Office, Mid-West Japan Cancer Professional Education Consortium

Educational Affairs Division
